## **Patron Capital shortlisted for Positive Social Impact Award at Lloyds Bank National Business Awards 2017**

Patron Capital, the pan-European institutional investor focused on property backed investments, has been shortlisted for 'The Lloyds Bank Positive Social Impact Award' at the 2017 Lloyds Bank National Business Awards.

The Lloyds Bank Positive Social Impact Award celebrates the organisations that bring their values to life through a range of social impact initiatives; aiming to recognise those organisations that achieve social impact through partnership, investment, pro-bono work, or employee led initiatives.

Combining exceptional investment performance with a social conscience and unrivalled programme of charity-focused extra-curricular activities, Patron Capital, has a reputation for giving back to the community, both through its core investment activity and its charitable partnerships focusing on a select number of charities and charitable projects that support education, medical, military veterans and civic projects.

The winners will be announced on 14 November at an exclusive awards ceremony in London.

### **Keith Breslauer, Managing Director of Patron Capital, commented:**

*"We're extremely proud to have had our work in giving back to the community recognised with this nomination alongside some truly special organisations that have made profound contributions to society."*

*"An awareness of social impact is engrained in our DNA, and that is why we work extremely hard to seek out investments that have a positive impact on society, in addition to our unrivalled programme of charity-focused activities and contributions, which this year are anticipated to reach £1 million."*
