IT'S ALL GOOD NEWS FOR NORTHSIDE SHOPPING CENTRE

More than just a shopping destination, Northside Shopping Center is at the very heart of the local community on Dublin's lively northside.

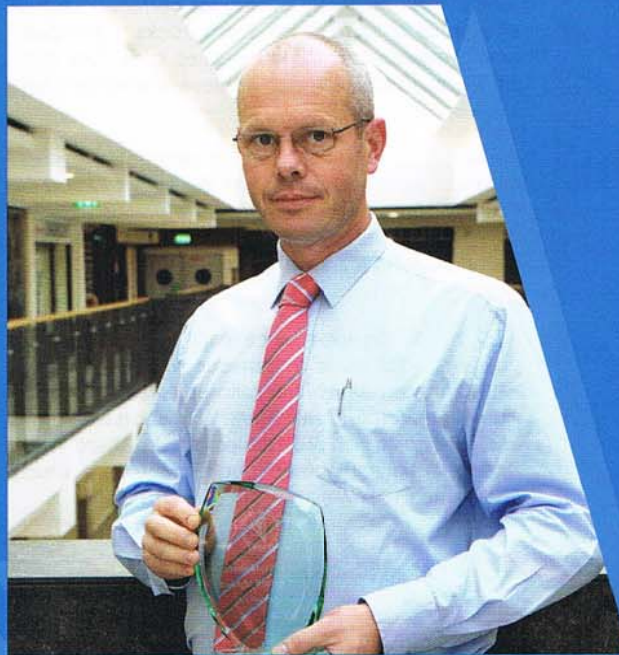

It's often said that Northside is not just a shopping centre, it is a centre for the community. Those that work here or those that visit regularly will identify with that sentiment. Young mums in the area particularly love dropping over to the centre and meeting friends for a coffee and a chat. There are numerous reasons why Northside Shopping Centre has been so successful over the last 44 years but the catalyst must undoubtedly be the friendly and welcoming attitude for which Coolock is renowned.

During late 2013 Northside Shopping Centre began a major two-phase rebuilding and modernisation programme. Phase 1 was completed in November 2013 and focused on the interior of the centre re-juvenating it from the ground up to include a complete redesign of the interior with a new brighter colour scheme throughout. The rebuild also included upgrading of the shopping units, utilities, new floor tiles, skylights and a centrepiece of the centre - a brand new lift and staircase. The centre has now been further transformed into a bright, clean and modern environment that is a pleasure to shop in.

Phase 2 will begin early next year and will involve the complete modernisation of the exterior of the building and the Northside Shopping Centre brand, making it a more aesthetically pleasing focal point for the local community. In addition Dublin City Council has completely renovated the swimming pool and management at the centre are delighted that this pool is now re-opened to the public adding to the community function of the centre.

New tenants include a diverse range of options for shoppers such as the Northside Fujifilm Photo centre, Book Value and Auntie Nellie's Traditional Irish Sweets. For a well deserved break Café Misto and Costa Coffee offer snack and restaurant facilities and they will soon be joined by JD Sports and KFC who will open a restaurant in the car park in the spring 2015.

For over 40 years Northside Shopping Centre has been a hub for the local community providing not only quality grocery and fashion outlets, but a range of professional medical and beauty services. On the

first floor balcony you can have a complete overhaul from head to toe with everything from legal advice to eyecare, dentistry, chiropody, women's healthcare, beauty consultation and hair styling.

Centre Manager Alan McCabe who gratefully accepted the Public Sector Magazine Award for Shopping Centre of the Year knows how important it is to be at the heart of his community. As well as the many refurbishments the centre will continue to attract people from far and wide for their regular events, promotions and competitions especially at Easter, Halloween and Christmas time.

"It's more than just a shopping centre, it's about delivering a shopping experience" says Alan. So the next time, you're in the area, drop in and experience the new-look Northside Shopping Centre.
