Patron Capital shortlisted at prestigious Business Charity Awards

Patron Capital, the pan-European institutional investor focused on property-backed investments, has been shortlisted in Mid-Term Partnership category at the Business Charity Awards 2019.

The Mid-Term Partnership shortlisting recognises The Patron Armed Forces Initiative, which helps those whose life prospects have been impaired due to their military service achieve their full potential. The initiative is executed through an ongoing partnership between Patron and The Royal Marines Charity (RMC). Established in 2010, a particular focus for the initiative is to help beneficiaries of the RMC transition into new and fulfilling careers and support those suffering from mental health issues.

The Business Charity Awards recognise and reward businesses that set new standards of excellence for corporate social responsibility and charitable giving. The awards presentation will take place on Wednesday 22 May 2019 at the London Marriott Hotel in Grosvenor Square.

Keith Breslauer, Managing Director of Patron Capital, said:

“We are delighted to be shortlisted for the Business Charity Awards for the second time in three years. We have worked closely with the RMC for nearly two decades, moving beyond fundraising and acting as a partner to the charity and its beneficiaries at a personal level. This shortlisting is recognition of our approach to charitable partnership: that immersive involvement with a charity is the best way to make a real difference and reap the greatest rewards.”
