## **Patron Capital shortlisted for the National Fundraising Awards 2020**

Patron Capital, the pan-European institutional investor focused on property-backed investments, has been shortlisted for the Social Purpose Award at the forthcoming National Fundraising Awards 2020.

The Social Purpose Award is designed to celebrate the social good that companies have embedded in their businesses to make a positive change for both the organisation and the charities it supports. To be shortlisted for the award, businesses needed to demonstrate how it creates a clear sense of social good, how social purpose has been embraced at both a senior level and across the business, and evidence of how working with charities has delivered positive outcomes.

This shortlisting displays the charitable acts everyone at Patron Capital has been involved in through the Patron Charitable Initiatives (PCI), which brings together fundraising work, sponsorship and outreach programs with the significant charitable endeavours of Keith Breslauer and his family. In the past five years, the PCI has given away more than £2.5m in direct grants to various charities and individuals. The PCI focuses on funding projects and events with the potential to harness a multiplier effect either driving further donations, raising awareness or helping deserving individuals who have suffered injury, illness or disadvantage achieve personal goals and build self-esteem.

The winners will be announced online on Wednesday 29 May 2020. The National Fundraising Awards 2020 honour acts of fundraising in the charity sector and showcases the hard work, dedication, passion and innovation of fundraisers.
