

## Patron Capital Launchpad 10th June

# Thank you!

We were truly grateful to be invited to bring a class of young people in to the new Patron office. The young people all attend Stoke Newington School and are currently in Year 12 and studying a mixture of Business Studies BTEC Level 3 and Economics A Level. We are massively grateful to the 10 volunteers who gave their time and energy to provide truly inspiring support.

This school was selected for this amazing opportunity as it is based in one of the most deprived areas (as defined by the Government Indices of Multiple Deprivation). Young people attending this school have very limited access opportunities to understand the world of work, which can help raise aspirations and support them going on to have successful futures.
