Patron sponsor this years' 2nd Annual Chamonix Mountain Running Festival

Patron Capital sponsored this years' 2nd annual Chamonix mountain running festival – it was a huge success and the feedback could not have been better, following some of the testimonials of which participants noted; *"it was inspiring, I learnt so many new skills, with a very professional & humble team, good mix of practical & theory, many misconceptions were clarified, the mountain safety was extremely appreciate it, great food, super well organized, fun and met amazing people."*

The event had runners from 16 nations and French locals. They took 70 participants plus journalists (from USA, Brazil, France and Italy) and the waiting list was growing considerably until the day of the event.

Planning is already going ahead of next year, the third annual festival.
